

Employers: “Need to Cut Costs?” So do your employees!

WE CAN HELP YOU...

- Cut overhead
- Improve morale
- Reduce Injuries
- Reduce Absenteeism
- Improve Productivity
- Improve Retention

IMPLEMENT A FOUR-DAY WORKWEEK

Yes, it’s a complicated process, with critical deadlines, legal notifications, and mandated communication meetings ...but it can be done. And we know how.

Polls have shown for years that employees are more productive and dedicated to their company when they have a flexible schedule. The four-day workweek – employees work four 10-hour days instead of five 8-hour days – is the easiest alternative workweek to manage.

Our HR experts have **over 50 years experience**.
We can manage this process for you.

Call the USA Safety & HR Consulting Division today and we’ll explain how we can manage this process for you, and you can begin to reap the rewards of a 4-day workweek! No obligation, of course.
